

Armed Love

The (International) Noise Conspiracy

Feel the gravity under your feet now
Blowing speakers trying to figure out how
To turn it up and turn it loose tonight
To have rhythm and revolution
Seems like an easy solution
But right now we're gonna set it all on fire

To feel the power to feel the juice
To feel the same things that I do

Oh can't you see this world belongs to you and me
Get injected, resurrected, let's get infected engage in life
We're the rejected, resurrected, and we will make it right

Now you're showing me how you move
To music, riots and to this groove
Never knew we could feel this good
Cause we don't want to have to wait around
Until we are out of the underground
We want to have our freedom now

To feel the cold sweat to feel the soul
On this hallowed ground baby we can feel it all

Oh can't you see this world belongs to you and me
Get injected, resurrected, let's get infected engage in life
We're the rejected, resurrected, and we will make it right

Liberations ready to bloom tonight
