

Guns For Everyone

The (International) Noise Conspiracy

When passion's up for sale
We're gonna find a way
A broken heart, A broken bone
A broken thought, What's going on

Oh if you're down with me
We'll meet up in the street

We've got guns for everyone
We've got love for everyone
Hey, pick it up baby

When living is a crime
Tired of just getting by
A broken heart, A broken bone
A broken thought, What's going on

Oh if you're down with me
We'll meet up in the street

We've got guns for everyone
We've got love for everyone
Hey, pick it up baby

Let's turn the light of, wanna turn you on
Let's turn the light of, wanna turn you on

Yeah baby, step outside with me
Hey darling, get up of your knees
Sweet sugar, gonna make them scream
