

Impostor Costume

The (International) Noise Conspiracy

I saw my face on a wanted sign, it was plastered all over town
I saw my face on a wanted sign, high-treason was my crime
It's all a part of the conspiracy, the hunting down of you and me

I saw a wall full of wanted signs, and I see your face I see it
all the time

They're looking for us everywhere, everywhere and we don't care
I saw my face on a wanted sign, it was plastered all over town
I saw my face on a wanted sign, so I knew I had to get on down
I had to change my identity, find a new face for you and me
I saw my face on a wanted sign, I knew right there I had to blow my mind

They're looking for us everywhere, everywhere and we don't care

Yeah, I want to do it right

Everybody knows that we were all crazy, everybody knows that we were
all fucked up

Yeah, I want to do it right

Everybody knows that we're all fucked

Everybody knows that we're all crazy

A new face so that I could get away, get away for just one single
day

A new identity in a hundred ways, no more an outcast or a slave
So I slipped into my brand new part, an open book, a brand new
mark

A new identity for you and me, a new face that might set us free

Because they're looking for us everywhere, everywhere and we don't
care

Yeah, I want to do it right

Everybody knows that we were all crazy, everybody knows that we were
all fucked up

Yeah, I want to do it right

Everybody knows that we're all fucked

I said hey now, I said hey hey

Everybody's got a new face
