

Hold On

The Internet

Thinking ahead of time
Why don't you spend the night?
I know you love me
Pick up and roll the dice
Reading between the lines
I know you love me
We can book a flight
Wake up in paradise
Sun up above us
Tell me you down to ride
Then you can bet your life
No one above you

Said hold on, can't stop
Said hold on, can't stop (can't stop, yeah, yeah)
Said hold on, can't stop (yeah, yeah, yeah)
Said hold on, can't stop

And as long as you're with me
I'm definitely
Yours for the takin'
Don't be mistakin'
And as long as you're wit' it
I'll be committed to you

(Ay, aw, yeah) I'll show you what I know
You'll give me what I need
Not saying I'm a pro
But you'll come back for me
We go another round
Before we fall asleep
You got me on a cloud nine, baby
Feels almost like a dream
Something 'bout your body (yeah, yeah)

(Yeah, yeah) Said hold on, can't stop (yeah)
I think you better hold on, can't stop (yeah, yeah, yeah)
Said hold on, can't stop (yeah, yeah)
I think you better hold on, can't stop (yeah, yeah, yeah)

I think you better hold on
I'm not ready to go
I hear you sayin' don't stop
I'd rather take it slow
I see you tryna hold on
But we aren't lettin' go
You let me take control now
You're ready to explode

(Yeah, Yeah, Yeah, Yeah, Yeah)

Said hold on, can't stop
Said hold on, can't stop
Said hold on, can't stop
Said hold on, can't stop

(Slow, slow, yeah)

(Slow, slow, oh-oh-oh, yeah)
And when you're done just say enough (enough)
When you're breathe just can't keep up (keep up)
'Cause it's bedtime baby (yeah, yay)

Said hold on, can't stop
Said hold on, can't stop
Said hold on, can't stop
Said hold on, can't stop

[Instrumental Outro]
