

## Red Balloon

The Internet

When I was young I  
Fell in love with you  
You were my balloon

When you left I  
Called upon the rain  
Now you sit in skies of grey  
Hoped we meet another day  
But you up and flew away  
I'm moving on

Told myself that one day I'd find you  
My red balloon, my red balloon  
Said don't fly away, help me fly away

When I get older I plan to follow you  
In my new hot air balloon

When I'm bored I  
I can get so high, high, high  
In my champagne golden sky
