

Time and time again
Minded out my past
Damn it's so familiar
That they hardly ever last
Now they tried tellin' me
Messed up on my mind
Called and saved my pain
Got the ones you'll never find

It's all right
It's all right
It's all right
It's all right
It's all right
We can play chess all night
It's all right
We can play chess all night

Tell me that I'm all right
Tell me
Tell me that I'm all right
Tell me
Tell me that I'm all right
Tell me
Tell me
