

## Wanna Be

The Internet

Early in the morning  
She's running through my mind again  
Girl, you got me wondering  
If we should be more than friend

Do you wanna be  
Do you wanna be  
Do you wanna be  
Don't you wanna be my girl? (Girl)  
(Girl, girl , girl)  
My girl, yea

Every single lyrics  
She's telling me about her day  
My feelings getting creeping  
I wonder if it's fair to say

Does she wanna be  
Does she wanna be  
Does she wanna be  
I think she wanna be my girl  
My girl, oh (girl)  
Damn

I don't know  
Pretty sure though  
It's like  
I think she wants to be (Girl, girl, girl)  
Atleast I hope she does, shit  
Girl, yea, ooh oh  
Ta-da, ta-da

I think she wanna be  
I think she wanna be  
I think she wanna be  
I think she wanna be my girl (Girl, girl, girl)  
My girl

Girl (girl)  
Girl (girl)  
Girl (girl)
