

My Witness

The Irrepressibles

Bury me with a sword with a chain and ache
I'm alive with the flyers with the flames at stake
To be gone in a thought that's arranged by you
To be formed by a shape that's innate of you

I will wake from the rain from the light of you
Take a knife to my chest I'm alive by you,

Ooo, ooo, ooo my witness
Ooo, ooo, ooo my witness

Make the fall, take the fire
F*ck the law, nicely
Tint it all with desire
Shape the form I see

I'm alive with a knife, with a wife in me
I'm a crane looking out at the hypocrisy

Ooo, ooo my witness
Ooo, ooo, ooo my witness

Take the sting from the sky!
Make their love in an eye!
Take the sting from the sky!
Make their love in an eye!
Take the sting from the sky!

Ooo, ooo, ooo my witness
Ooo, ooo, ooo my witness

Take your wars of your faiths
Of your bitterness please
Take your wars of your faiths,
Of your ignorance and leave!

I will wake from the rain from the light of you
Take a knife to my chest I'm alive by you,

Ooo, ooo my witness
Ooo, ooo, ooo my witness

Take the sting from the sky!
Make their love in an eye!
Take the sting from the sky!
Make their love in an eye!
Take the sting from the sky!
