

All in My Lover's Eyes

The Isley Brothers

I just wanna see
The best side of me
And it's so easy to be
'Cause it's all
'Cause it's all in my lover's eyes

I just wanna know
The best way to go
And it's goin' to show
'Cause it's all
'Cause it's all in my lover's eyes

Love shinin' bright
By day and by night
By candlelight
Well, it's all
Well, it's all in my lover's eyes

Lover's eyes
And love's gonna flow
Come and go
You know, I know
That it's all
That it's all in my lover's eyes

I just wanna, I wanna, I wanna see
I wanna see the best side of me
And it's so easy to be
I know it's all
All in my lover's eyes

It's all in my lover's eyes
I know it is, baby
I wanna say it in a whisper

Lover's eyes
I love you, love you, baby
And I'll always, always, always, always need you, girl
