

# Colder Are My Nights

The Isley Brothers

It's looking better  
More and more every day  
Anything's better  
Than the reason I've moved away

If those days can look brighter  
Means everything is possible  
For so long on my own  
Had some time on my hands

The colder are my nights  
(So cold, my nights, so cold, my nights)  
Means I need you more and more

The colder are my nights  
Means I can't do without you too long  
(So cold, my nights, so cold, my nights)

Uh, uh, uh  
Uh

You made the difference  
And what a difference it is  
You made me realize  
What is life without you

Since those days when nothing goes right  
Things get almost but not quiet  
They get so sore, they come close  
They get so sore, uh, uh

Colder are my nights  
(So cold, my nights, so cold, my nights)  
Means I need you more and more

Colder are my nights  
Means I can't do without you too long  
(So cold, my nights, so cold, my nights)

Colder are my nights  
(So cold, my nights, so cold, my nights)  
Means I need you more and more

The colder are my nights  
Means I can't do without you too long  
(So cold, my nights, so cold, my nights)

Yeah, yeah, yeah  
Ah, ha  
Well  
Ooh  
Mmm, mmm

The colder are my nights, ooh  
(So cold, my nights, so cold, my nights)  
Means I need you more and more

The colder are my nights  
Means I can't do without you too long  
(So cold, my nights, so cold, my nights)

Colder are my nights  
Means I need you more and more  
(So cold, my nights, so cold, my nights)

Colder are my nights  
Means I can't do without you too long  
(So cold, my nights, so cold, my nights)

Hoo  
Hoo  
Yeah, yeah

(So cold, my nights, so cold, my nights)  
It's so cold, yeah  
(So cold, my nights, so cold, my nights)

Colder are my nights, ooh  
(So cold, my nights, so cold, my nights)  
So cold

Colder are my nights  
(So cold, my nights, so cold, my nights)  
It's so cold, well

Colder are my nights, yeah  
(So cold, my nights, so cold, my nights)  
So cold  
(So cold, my nights)

Colder are my nights  
(So cold, my nights, so cold, my nights)  
Yeah, they're so cold  
(So cold, my nights)

Colder are my nights  
(So cold, my nights, so cold, my nights)  
So cold  
(So cold, my nights)

Colder are my nights  
(So cold, my nights, so cold, my nights)  
I know it's cold, yeah, yeah  
(So cold, my nights)

Colder are my nights  
(So cold, my nights, so cold, my nights)  
So cold  
(So cold, my nights)  
Really so cold
