

# Feels Like the World

The Isley Brothers

Feels like the world yeah  
Is closing in on me  
Feels like the world  
Closing in on me

Helplessly I stand (I stand)  
Watching love walk away (away)  
Nothing I can do (do)  
Nothing I can say (say)

Feels feels feels like the world  
Closing in on me  
Oh it feels like the world  
Closing in on  
Closing on me now

I'm in bad shape (bad shape)  
Since you been gone girl (gone)  
I stare (I stare)  
I stare out the window  
Cry all night long (long)

Oh it feels like the world  
Closing  
Closing in on  
Closing in on me

Feels  
It feels like the world  
Is closing  
Closing in on me
