

Heaven Hooked Us Up

The Isley Brothers

Whoa, la da da da da
Whoa, la da da da da
Whoa, la da da da da

Your face straight from a dream I had
Girl, you're bad, a complete woman
So impossible style
Glad I found you and made you mine

And you never judge me for my past
My play aways from way back
You still gave me a chance
And I'm glad just to be your man

'Cause you're so perfect like an angel
So precious like a newborn
Just what I prayed for, girl, I know
Heaven hooked us up
Heaven hooked us up

Breathless when I saw you
Love had no purpose 'til I met you
You're all I prayed for, I know
Heaven hooked us up
Heaven hooked us up

I don't know where
You came and brought me hope
Thought I would always be living wrong
But now wherever you are
That's where I wanna be

'Cause my faith brought you here
My love keeps you here
My heart needs you here
My soul wants you near, yeah

Girl, your love feels so right
I'm happy that you're mine

I know you're perfect like an angel
So precious like a newborn
Just what I prayed for, girl, I know
Heaven hooked us up
Heaven hooked us up

Breathless, when I saw you
Love had no purpose 'til I met you
You're all I prayed for, I know
Heaven hooked us up
Heaven hooked us up

Oh, what I mean
Girl, I'll keep giving to you
And I wouldn't be
A happy man without you

It's like you fell from the sky
This perfect gift to me
Now girl, won't you let me hold you
Till eternity?

Perfect angel
Precious like a newborn
Just what I prayed for, girl, I know
Heaven hooked us up
Heaven hooked us up

Breathless when I saw you
Love had no purpose 'til I met you
Prayed for, I know
Heaven hooked us up
Heaven hooked us up

Perfect angel
Precious like a newborn
Prayed for, I know
Heaven hooked us up
Heaven hooked us up

Breathless, saw you
Love had no purpose 'til I met you
You're all I prayed for, I know
Heaven hooked us up
Heaven hooked us up

What kind of woman are you
To be so good to me?
And I wanna thank him
For bringing you into my life

Whoa, la da da da da
Whoa, la da da da da
Whoa, la da da da da
Heaven hooked us up
