

Hope You Feel Better Love

The Isley Brothers

Who is to say you'll be livin' in sadness
Hope you feel better Jove
Now's not the time to give in to the madness
Hope you feel better love, better love
Thought you were sharin' and found you were takin'
Hope you find better love
Try it on me and there'll be no forsaken
Gotta find better love, better love
Hope you feel better love girl, hope you find better love
Hope you feel better love girl, better than before
Runnin' away you gave in to deceivin'
Hope you find better love
When you find out it was for the wrong reason
Hope you find better love, better love
I hope you feel better love, find it baby, I hope you find it,
I hope you feel
Better love, find it, find it baby, find better love
