

# I Wish

The Isley Brothers

Ohhh, ooooh, ooooh, baby, ooooh  
When you're far away, my body longs for you  
When you shed a tear, my heart bleeds for you, girl  
When you're feeling down, the sun just doesn't shine  
When you're not around, oh, I'm sad, baby  
Oh, baby, I sure do miss your love  
I want you here, here with me, yeah

I wish that I could hold you  
Oh, I wish, baby, I wish  
I wish that I could touch you, oh you know, you know that I wish, baby  
I wish that I could make you feel alright, alright, alright

When I'm all alone, I think only of you, baby  
I lay awake at night burning with desire  
When I close my eyes, I always see your face  
When I'm wide-awake, I fantasize  
And, ooh, baby, I'm longing for your touch  
I really miss your kisses, I need you, ooh, so much

I wish that I, I wish, I wish, I wish, baby  
Wish that I could  
I wish that I, ah, hey, hey, hey, hey, could touch you  
I wish that I, ah, you know, I wish, I could make you feel make you feel,  
Alright, alright  
I wish that I, I wish baby, could hold you, ah you know, you know,  
you know I wish baby, could touch you

Oh, I wish, baby, could make you feel, make you feel alright,  
oh, alright, alright

I miss your warm embrace, I miss your smiling face  
I miss your tender kiss, there's nothing I miss more than this  
I miss those nights together  
Oh, they were so right whenever  
I miss the way you squeeze me  
You bring me to my knees, baby

I wish that I  
I'd do anything  
Could hold you  
To hold you in my arms once again, I wish that I  
And ooh, ooooh, ooooh, could touch you  
And I, I, I, I wish that I could make you feel, make you feel, you feel, alright, alright  
I wish that I  
And I wish, I wish, baby, baby  
I wish that I  
I pray and wish that I could touch you, ooooh  
I wish that I could make you feel, I want to make you feel, alright, alright  
I wish that I
