The Isley Brothers

Sanctuary  
Is what you  
Are to me  
Yeah  
No dictionary  
Can find  
The words to say  
How much  
I love you  
Hallelujah  
It's bout time I found someone Whose gonna love me  
For me  
Hey Miss Beloved  
Since you come into my life  
And unlocked the door  
To my heart  
I've been free

Many have called  
But the chosen are few  
Yeah  
Said there's so few  
That's why I'm so happy  
Woman  
To be lying next to you  
Yeah

Prize possession  
You're my  
Movie star  
My near or far  
My everything

You are my  
Prize possession  
You are my cozy nights  
My fireplace  
My sweet melodies

You put the light at the end of my  
Tunnel  
Yes you did  
And you did not let me die  
When it looks like life was gettin' away  
From me  
Ohhh  
You loved  
And clothed  
And you fed me woman  
I remember  
Momma  
You're my best friend  
I love you  
And woman you've got to know your

My prize possession  
Said you are my

Movie star  
My near or far  
My Christmas carol

Prize possession  
You are my  
Cozy nights  
My fireplace  
My sweet melodies

Lady April  
Let your rain fall down  
It's much cozier when it's wet  
We can cuddle up together  
Oohhhhh  
Aww!  
C'mon suga  
We can weather any storm  
A family that prays together  
Will stay together
