

# So You Wanna Stay Down

The Isley Brothers

So you wanna stay down you refuse to be happy, yeah  
You wanna go back on your word 'cause it just got turned around  
Oh keep on dreamin' hey baby  
Nevertheless you can still be safe and sound

You wanna stay down you refuse to be happy  
Oh, you wanna go back to your friends on the other side  
But keep on dreamin' hey baby

Just remember that I love you  
And I wouldn't have it any other way  
Get a little stronger in your spirit  
And all of your fears will go away

So you wanna stay down you refuse to be happy, yeah  
To them you look roped and tied but you're still runnin' fast and free  
Oh keep on dreamin' hey baby  
Your motivation in somethin' hard to see

You wanna stay down you refuse to be happy  
Well, whatever happens to you I know that you're one of a kind  
Just keep on dreamin' hey baby

Sometimes you find disappointment, but never forget what you truly believe  
People see you crawlin' but you're gettin' closer  
Now ask yourself can you get off your knees
