

# Winner Takes All

The Isley Brothers

Stand on your feet for another go 'round  
Sight the shakin', now we're gonna go down  
In the mean time gettin' ready, gettin' ready to roll  
I'm the dealer and I'm takin' control

Follow the diva, that's the name of the game  
You've got the power to go all the way  
Everybody's runnin', runnin', I can understand  
'Cause I got it, 'cause I got it, baby, at the winnin' hand

Come on and make your play  
You'll be a winner in my game, yeah  
Come on and make your play  
You just remember that the winner takes it all

Come on and make your play  
You'll be a winner in my game, yeah  
Come on and make your play  
You just remember that the winner takes it all

Follow the diva, that's the name of the game  
You've got the power to go all the way  
Everybody's runnin', runnin', I can understand  
'Cause I got it, 'cause I got it, baby, at the winnin' hand

Come on and make your play  
You'll be a winner in my game, yeah  
Come on and make your play  
You just remember that the winner takes it all
