

# Just Because I Love You

The Jackson 5

Buh buh buh buh  
Buh buh buh buh  
I love you.

Whoah, little girl  
Whoah, little girl

You wonder why I stop and stare  
Every time that you are near  
Just because I love you.

The silly things I say and do  
Are all designed to get attention from you  
Just because I love you.

(Listen)  
Hey, girl, would you believe  
He's slowly going out of his head.

And it's just because, just because I love you.

Ah, if you were mine I'd promise you  
I'd do all I can to make your dreams come true  
Just because I love you.

(Listen)  
Hey, girl, would you believe  
He's slowly going out of his head.

Oh, and it's just because, just because I love you.

Whoah, little girl, just because I love you

Believe me, girl, this is true  
Don't want no other love but you.

Just because I love you.

Oh, watch me, baby, hear me say  
Gonna marry you, girl, and take you away.

Just because I love you.

Oh, that is why I stop and stare  
Every time you are near.

Just because I love you.

Believe me, girl, this is true  
Don't want nobody else but you...
