

Through Thick and Thin

The Jackson 5

Through thick and thin
I will always love you
Through thick and thin
I'm always thinking of you

Today did I forget
To say, "I love you", girl, I'm sorry
Hey, don't scold me yet
I'll prove it a hundred ways, don't worry

In this world of ups and downs
Baby, you're the one, the thing I found
You saved me from a place we both had been
Called lonely

Through thick and thin
I will always love you
Through thick and thin
I'm always thinking of you

When things aren't going right
I'll hold you in my arms, don't worry
You know you make me proud
If ever I let you down, I'm sorry

Well, I'm going to prove my love to you
Each day that I live my life with you
Through good and bad weather
We're together

Through thick and thin
I will always love you
Through thick and thin
I'm always thinking of you

Ooh, baby
Through thick and thin
I will always love you, yeah, yeah
Through thick and thin
I'm always thinking of you

Through thick and thin
I will always love you
Through thick and thin
I'm always thinking of you

Through thick and thin
I will always love you
Through thick and thin
I'm always thinking of you
