

To Know

The Jackson 5

To know of life
(To know of life)
Is to know what I'm living for
(Touch my hand)
And baby I'm yours

To know of love
(To know of love)
Is to know that I live for you
(To be in love)
Is to be there with you

(Everyday)
Everyday means so much to me
(Much to me)
But it all depends on you

Don't you know, oh baby
(Don't you know)
We were meant to be
(Meant to be)
Oh, life for me begins and ends with you

To know you're mine, baby
(To know you're mine)
Is to know how it used to be
Yesterday is all I can see
(Yesterday)

That's how I know
Life can be beautiful
(Beautiful)
But it all depends on you
Now that you're gone, baby
(Since you've been gone)

Just not the same, baby
Since you've been gone
Just not the same, baby

To know of us
Is what I'm still living for
But it all depends on you
Baby, it all depends on you

(Baby, come home)
To know happiness
(Home)
Is to know you're here in my arms
(Baby, come home)

Let me know, let me know, let me know
(Home)
What it is to live again
(Baby, come home, home)
(Baby, come home, home)
