When this old world starts getting me down And people are just too much for me to face I climb way up to the top of the stairs And all my cares just drift right into space

On the roof, it's peaceful as can be, baby And there the world below can't bother me, yeah, baby Let me tell you now

When I come home feelin' tired and beat
I go up where the air is fresh and sweet
(Up on the roof)
I get away from the hustling crowd
And all that rat-race noise down in the street

Now listen here

On the roof, the only place I know Where you just have to wish to make it so Let's go up on the roof (Up on the roof)

La-la-la-la-la-la....
(Up on the roof)

At night the stars put on a show for free Oh darling, you can share it all with me Oh oh baby

And if this world (and if this world)
Starts getting you down (getting you down)
There's room enough for two
Up on the roof (up on the roof) baby
Up on the roof (up on the roof)
Up on the roof now
Up on the roof (up on the roof)baby
Baby now
(Up on the roof)
You and me(up on the roof) baby....
