

# You're My Best Friend, My Love

The Jackson 5

When I need more than love  
You are the one that I run to  
When just words aren't enough  
You know exactly what to do

And every time I need someone  
To turn my upside down back up  
You're always there  
I'm so glad you care

You're my best friend, my love, my love  
You're my best friend, my love  
My love you are my best friend

You're my warm when it's cold  
You are my sunshine when it rains  
And if the rain turns to snow  
We'll still be on that friendship train

Cause if our love affair should end (if our love affair should end)  
I know I'll never find a friend  
As great as you  
Girl, I'm glad it's true

You're my best friend, my love, my love  
You're my best friend, my love  
My love you are my best friend

Ooh, you're my best friend  
Girl there'll be no other  
You're my friend and lover  
(you're my best friend)  
Don't you know I love ya  
You're my friend and lover  
Ooh, ooh girl there will always be someone to love ya  
Someone who can love ya  
(you're my best friend)  
Yes you are  
Yes you're my friend and lover  
Girl there'll be no other  
(you're my best friend)  
I'll be yours forever  
You and me together
