

The way that sunlight flits across your skirt  
Makes me feel I'm from another world  
To touch your face in the morning light  
I hope you're always gonna be around

The times I struggle to understand why  
The ancient proverbs like, "Who am I?  
Why am I here and what have I done?"  
I see the answer's place my trust in you

Trust in you love, be with me then  
That's when I want you  
That's when I need you the most

I want us to be like Peter Pan  
But dreams, it seems are weightless as sand  
And man's supposedly is made of sand  
It seems that man cannot survive at all

Let's disappear love, let's fly away  
Into the demi-monde, into the twilight zone  
The times inside I spent screaming at you  
Release me please from this mortal jail

One shrug or smile can determine my fate  
I'm lost for days and have myself to blame

Something I'm giving, is yours for the taking  
Something like sunlight, love is a spotlight  
Love is all sorrow, still I'll meet you tomorrow  
And look forward to see you, now I can't live without you
