

## In the City

The Jam

In the city there's a thousand things I wanna say to you  
But whenever I approach you, you make me look a fool

I wanna say  
I wanna tell you  
About the young ideas  
but you turn them into fears

In the city there's a thousand faces  
all shining bright  
And those golden faces are under 25

They wanna say  
They're gonna tell you  
About the young idea  
You better listen now you've said your bit

And I know what you're thinking,  
You still think I am crap  
But you better listen man,  
Cos the kids know where it's at

In the city there's a thousand men in uniforms  
And I've heard they now have the right to kill a man

We wanna say, we gonna tell ya  
About the young idea  
And if it dont work, at least we'll say weve tried

In the city, in the city  
In the city there's a thousand things I want to say to you
