

# Pretty Green

The Jam

I've got a pocket full of pretty green -  
I'm gonna put it in the fruit machine -  
I'm gonna put it in the juke box -  
It's gonna play all the records in the hit parade -  
This is the pretty green - this is society  
You can't do nothing - unless it's in the pocket  
- oh no -

I've got a pocket full of pretty green  
I'm gonna give it to the man behind the counter  
He's gonna give me food and water -  
I'm gonna eat that and look for more -

And they didn't teach me that in school -  
It's something that I learnt on my own -  
That power is measured by the pound or the fist -  
It's as clear as this oh -

I've got a pocket full of Pretty Green!
