

Bottomless Cup

The Jayhawks

Walk me to the bus
Tell me it's all right
Talk a man out of the first drink and drive
Rock away my terror
After I burn my place down
But you know
The years make different
If you go
The bottomless cup runs out
You never gave up on me
I think I let you down
I could use you around
(Use you right now)

There's nothing quite like the sound of
Your voice in the evening
Calling my name
It's getting late
You used to say "I love you"
A hundred times a day
What ya gonna say
When you learn they turned me
The day is gonna come
For something to take you
But's clear
Nothing comes near to you
When you go
I lower my sights
I think I let you down
I could use you around
I think I let you down
I could you use around
(Use you right now)

There's nothing quite like the sound of
Your voice in the evening
Calling my name
It's getting late
I can't wait
To get on back
