

Let The Critics Wonder

The Jayhawks

Better talk the tomahawk talk
Burn a tattoo on your chest
Everything is so perfect
Everything's real high class
Just like a crazy baptist
Chasing til the afternoon
Oh, I caught hatchet on hiawatha avenue

Let the critics wonder
Let the critics talk
Don't the critics know what it's all about?
Don't the critics know what it's all about?

Let them talk their tomahawk talk
Burn a tattoo on your chest
Everything is so perfect
Everything's real high class
