

Miss Williams Guitar

The Jayhawks

Sounds like a field being painted
In the delta sun
Songs from the book of life
For everyone
Miss William's guitar
Miss William's guitar
I remember watching her play
And the whole damn crowd
Seemed so far away
Oh so far away

One night in a bar in Louisville
We had some fun
Walked through a graveyard park
Left flowers alone
Miss William's guitar

Miss William's guitar
I remember watching her play
And the whole damn crowd
Seemed so far away
Oh so far away

Miss William's guitar
Miss William's guitar
I remember watching her play
And the whole damn crowd
Seemed so far away

I remember watching her play
And the whole damn crowd
Seemed so far away
Oh so far away
