

# People In This Place On Every Side

The Jayhawks

Yeah some is good and some is bad  
Brother keep your faith on hand

On every side  
On each street corner you will find  
There are people in this place on every side

There's a baptist ministry in the church yard down the street

Hey do you know what you're doing tonight honey?  
Hey do you know what to do?  
Yeah I say do you know what you're doing tonight darling?  
Hey do you know what to do?

Yes there's a barmaid on your sleeve  
Talking dirty and drinking free

Hey do you know what you're doing tonight honey?  
Hey do you know what to do?  
Yeah I say do you know what you're doing tonight darling?  
Hey do you know what to do?

Yeah some is good and some is bad  
Brother keep your faith on hand

Yes there are people in this place on every side
