

## Full Circle

The Jeff Healey Band

You give me ev'rything you got  
Then take it away  
You know you're driving me crazy  
How long will I have to pay?  
You keep me waiting endlessly in this misery  
Hey!  
Around and 'round your lovin' goes  
Where it stops, ain't nobody knows  
Full circle  
You got me runnin' while you're keepin' me standing still  
Full circle  
Anything you want me to do, girl, you know I will  
Girl, you know I will

When you cruise down the boulevard,  
All the guys know your name  
You get their engines runnin', yeah  
They're all sparked by your flame

You tempt me with your burnin' fire,  
Lost in my desire, yeah  
You don't know what you've out me through  
It keeps me spinnin' when I can't have you

It's hard to get you out of my head  
I try to set myself free  
But just like a bad habit,  
You always catch up with me  
Yeah!  
Around and 'round your lovin' goes  
Where it stops, ain't nobody knows  
Full circle  
Got me runnin' in a full circle, I'm goin' crazy  
Full circle  
You got me a-runnin', girl  
Full circle  
Oh!  
Full circle  
Got me runnin' and I'm full circle  
I'm goin' crazy, girl  
Full circle  
Keep me a-runnin' 'round a full circle  
Woo!  
Hey, you got me spinnin' 'round!  
Ah, yeah!  
Goin' out of my mind, baby, yeah  
Hey!
