

## Angel Or Devil

The Jelly Jam

Alive just like a little song  
Then end it always comes along sometime  
I can laugh I can cry  
I'm an angel or a devil  
I can live I can die  
I'm an angel or a devil

I can tell and all I'd like to understand  
But that's just not the way its planned  
And all I'll never understand  
On this side of the promised land

Breathe and take it all in  
The air and the poison it just depends  
I can lose I can find  
I'm an angel or devil  
I can see I am blind  
I'm an angel or devil  
I can't tell

I can tell and all I'd like to understand  
But that's just not the way its planned  
And all I'll never understand  
On this side of the promised land

And every day as life goes on  
I'm free to choose from any right or wrong  
But if I'm free  
I only drag me down

I am free I am bound  
I'm an angel or a devil  
I am lost I am found  
I'm an angel or a devil  
I can see I am blind  
I'm an angel or a devil  
I can die but I'm alive  
I'm an angel
