

Mr. Mr. of my youth.
You fed me bread and taught me thruth.
And one adventure... you took me out.
Showed what life is all about.

I don't mind reliving
All the things about my youth
That made me high.
I don't mind reliving
I was so much happier back then.

Cinderella of my youth...
You made me smile and broke my tooth.
And one adventure... you held my hand.
Made me feel I was a man.

I don't mind reliving
All the things that were so good
When we were young.
I don't mind reliving
I was so much happier back then.
