

## Reliving

### The Jelly Jam

Mr. Mr. of my youth.  
You fed me bread and taught me thruth.  
And one adventure... you took me out.  
Showed what life is all about.

I don't mind reliving  
All the things about my youth  
That made me high.  
I don't mind reliving  
I was so much happier back then.

Cinderella of my youth...  
You made me smile and broke my tooth.  
And one adventure... you held my hand.  
Made me feel I was a man.

I don't mind reliving  
All the things that were so good  
When we were young.  
I don't mind reliving  
I was so much happier back then.
