

Head On

The Jesus and Mary Chain

As soon as I get my head round you
I come around catching sparks off you
I get an electric charge from you
That second hand living it just won't do

And the way I feel tonight
I could die and I wouldn't mind
And there's something going on inside
Makes you want to feel makes you want to try
Makes you want to blow the stars from the sky
I can't stand up I can't cool down
I can't get my head off the ground

As soon as I get my head round you
I come around catching sparks off you
And all I ever got from you
Was all I ever took from you

And the world could die in pain
And I wouldn't feel no shame
And there's nothing holding me to blame
Makes you want to feel makes you want to try
Makes you want to blow the stars from the sky
I'm taking myself to the dirty part of town
Where all my troubles can't be found
