

Hole

The Jesus and Mary Chain

This has been my prison
Got no high got no low
This has been religion
Took my heart killed my soul

All I want is a dream
Give me something to dream
Got myself in a scene
Don't know where I've been

All I want is a dream
Something naked and clean
Somebody give me a call
I'm climbing up on the wall

And I want it all
And I need it all
I can't get it
Took my heart and soul
Give them back to me
