# I'm In With The Out Crowd

**The Jesus and Mary Chain**

You've been whoring now but you got sick
You've been living for an easy kick
Playing the fool
Acting the Queen
You've been a motherfucking dope machine
Don't rate the world so well
Don't like the world but you can't tell
Uh huh

Money out of faking
Faking out of fucking
Jesus out of nothing
I can't tell now
The fucking you've been faking
Well you better give me some

I've been trying but I don't get far
I've got nothing hey but I'm a star
Picking up gold
Selling a dream
I've been a motherfucking dope machine
I don't rate the world so well
I don't like the world but can't you tell
Uh Huh

I'm in with the out crowd
I'm in with the out crowd
I'm in with the out crowd
I'm in with the out crowd now
