

The look behind your eyes  
Conceals a thin disguise  
If pleasure is my prize  
There's pain in paradise  
She makes the rivers flow  
She looks into my soul  
Destruction sets us free  
From this forbidden tree  
So I don't care  
Don't say that I don't care  
But you just made me aware  
I don't care  
Heaven's open gate the Devil's silver eyes  
A look that seals my fate  
Destruction is my prize
