

## The Perfect Crime

### The Jesus and Mary Chain

We fell in love you liked the look in my eye  
Hand in hand we reach for the sky  
But I was easy baby  
Yeah I was easy baby  
And you told me so long  
You never ever wanna see me baby

I lost control I got a hold of a knife  
I took a hold then I ended your life  
But it was easy baby  
Yeah it was easy baby  
I told you so long  
I'm never ever gonna see you baby
