

# I Do You

The Jets

No one ever told me  
A heart could ache as bad as mine  
Boy, gotta tell ya  
I thought that it would take my time

I thank you for the care  
Now I know you're there for me  
I tell you what I've found  
Now you've come around for me

Hey, if anybody loves you, ooh, baby I do you  
If anybody loves you, ooh, baby I do you

I may be sentimental  
To fall for you again this way  
But maybe you know better  
And this time you're gonna stay  
I thank you for the care  
Now I know you're there for me, yeah  
I tell you what I've found  
Now you've come around for me

My heart Take my heart from nothin'  
Turn it into somethin'  
You know I love you

Yeah, yeah, yeah, yeah, yeah  
Ah, yeah, yeah, yeah

I thank you for the care  
Now I know you're there for me  
I tell you what I've found  
Now you've come around for me

Hey, anybody loves you  
Anybody loves you, ooh baby
