

# Sahara Mahala

The Jezabels

Oh how long...  
It seems I've waited  
I've walked a 1,000  
To see you to heaven  
To see you with heaven's glows  
I know not to fight  
To bringing in the light  
Playing in the height of the sky  
With hope, with sweet hope

And playing the pools of broken lines  
With you above me  
You take me on your shoulder  
Sahara Mahala

And I know I want to be with you all of my days  
On hallowed ground  
But honey, every time we go to jail  
The seeds of doubt  
Come creeping  
Just keep moving  
On hallowed ground

Got a feeling  
It seems I've waited  
The sea, the moment of completeness  
Sahara Mahala

I know I want to be with you all of my days  
On hallowed ground  
But honey, every time we go to jail  
The seeds of doubt  
Come creeping  
Just keep moving  
On hallowed ground

And I'll get in you deep inside  
In these visions, visions  
In the feeling you can't kill  
These visions, visions

And I know I want to be with you all of my days  
On hallowed ground  
But honey, every time we go to jail  
The seeds of doubt  
Come creeping  
Just keep moving  
On hallowed ground
