

Perfect Alone

The Jokerr

[Verse 1: The Jokerr]

I'm a mess with you
I'm an infant crying
On a raft of straw
Lost on the river in a raging storm
I'm a mess with you
I'm a thought in passing
I'm come and I go
To and fro
Sure as the summer's warm

[Hook: The Jokerr]

But how I love you
How I hope you stay
Right here with me
And never go away
I would rather be
The tragedy
You have with me
Than perfect alone

[Verse 2: Lauren Farrah]

I'm a mess with you
I'm a broken mirror
Just scattered shards
Of a shattered heart
On a dirty floor
I'm a mess with you
A tornado inside
With no control
A broken soul
Forever more

[Hook 2: The Jokerr & (Lauren Farrah)]

But how I love you
How I hope you stay
(Right here with me)
And never go away
(I would rather be)
The tragedy
(You have with me)
Than perfect alone

How I love you
How I hope you stay
Right here with me
Every single day
I would rather be
The tragedy
You have with me
Than perfect man alone

[Outro chanting x2]

No one knows how far I've come
To be this place I am
I give forever my all
