Its more than the battle I'm waging More than the gimmick in the story on the pages Its twenty-six years that the whole world And telling you your doing it wrong, Oh Its life through the bars of a cage And the mind of a man so far from his age With a heart full of gold that he only meant to show to the world [Hook] So, Why'd you turn against me' (We could of had so much fun) Why'd you turn against me' Why'd you turn against me' (After all we've done) Why'd you turn against me' Why'd you turn against me' (We could of done so much) Why'd you turn against me' (With what once was) [Verse 2: The Jokerr] Tell the most beautiful people in the world One time there wrong They'll only reach out to you that one time And then there gone Oh, I'm not here to make friends anymore It's been too long Now you'll feast your eyes upon your own reflection (Its more than, its more than, its more) Its more than the battle I'm waging More than the gimmick in the story on the pages Its twenty-six years that the whole world And telling you your doing it wrong, Oh Its difficult to see right now But wait for the encore after the bow Theres a whole other story Wheres theres love and theres glory to be told OoOhHhH
