Maw Maw Song

The Joy Formidable

Maw maw ma ma ma maw Ma ma ma maw, maw maw maw Maw maw ma ma ma maw Ma ma ma maw, maw maw maw (2x) Enough I'm ready to face it all Alone This line is a wall I'm big Like a warrior I've grown sure So draw, draw let me right you Give me more You want it all You want it all I know you do I know you do Now, what do you want from me Well I guess it's time to feed Here now the wind it blows high Just cover your mouth for a colourful lie Sing free and hold up the sun The belly won't rest until the day is done now Maw maw ma ma ma maw Ma ma ma maw, maw maw maw Maw maw ma ma ma maw Ma ma ma maw, maw maw maw This slant Is pulling an empty jar Belief that dim can go far I'll take a rattler to the bear So join, join Let me show you wilderness You want it all You want it all I know you do I know you do Now, what do you want from me Well I guess it's time to feed Here now the wind it blows high Just cover your mouth for a colourful lie Sing free and hold up the sun The belly won't rest until the day is done Maw maw ma ma ma maw

Ma maw, maw maw maw Maw maw ma ma ma ma ma maw Ma ma ma ma maw, maw maw maw Your hand, put it right here I'm taking you somewhere, somewhere to eat The sky, the land, the stars and the sun We'll shovel them down with canyon water. I want your eyes to widen again They're heavy with bags, tired with tales Your hand, put it right here, I'm taking you somewhere, somewhere to live.
