

Give A Little Love

The Judds

You can buy a diamond ring
And slip it on my hand
Put me on a big ol' plane
And fly me to a foreign land
Show me rows of fancy clothes
Saying, "Honey you can take your pick!"
Well, that would be mighty kind
But it ain't gonna do the trick

[Chorus]

Give a little love
A squeeze and a little kiss
Give a little hug
Mmm, I want some more of this
Take a little time
Yeah, make a little fuss
That's what a woman wants
So give a little love

Get this, you can be some big hunk
Handsome, dark and tall
Talk to me in foreign tongues
Or with a southern drawl
Or be a man from old Siam
Wear a pointed hat
I don't care how you look
'Cause that ain't where it's at

[Repeat Chorus]

Well, there are men who'll turn your head
And knock you off of your feet
Sweet talk and big blue eyes
Make a poor heart skip a beat
Drive you wild with a smile
And then they'll treat you cruel
Well, I ain't gonna fall for that
'Cause Mama didn't raise no fool

[Repeat Chorus]
