

## Left Foot, Right Foot

### The Junior Varsity

Watch me become what i wasn't to those who know me so well  
I'll be home forever sorry fellow griggoneers  
This is the first time  
That i am dressed to kill someone else  
This is the last time  
I now keep to myself

I take back everything i said because everything feels differen  
t  
I've become everything i hate but things are getting better  
I learn from my mistakes because i have made so many  
In this whole new hole a home for me

In my new city  
I'll be stronger

And this is what i made this is where i'll stay  
This is what you say  
This is just a phase

And you're changing and  
I'm changing  
Why change things
