

## Park Your Car

The Junior Varsity

I wanted to tell you  
If you don't make it out  
I wanted to show you  
Here's your ticket out  
Been here forever  
Because i've been around  
Said leave for nothing  
Nothing is here tonight

I will be there  
I will be there  
Fallin down tonight

I wanted to show you  
That i understand  
I've been here forever  
Because i'm holdin your hand

And i want to tell you that i'm lying down  
And i want to tell you this
