

## The Big Little City Killing Cycle

The Junior Varsity

If trying seems so hard you'll know what to do  
You'll know what comes next

Can someone tell me why this floor is better than the bed  
Just roll 3 feet either way and i'm still on it  
This sense of stability is what lacks in my life  
Can someone live my life for me

This sense of stability is what lacks in my life  
A helping heart a hand a head full of unrelated thoughts  
Now someone tell me why this floor is better than the bed  
Just roll with it

And i'm still on it  
The easiest mistake i've made in years  
Now won't you try for me
