

Fade

The Katinas

Take this song of Love
that's written
On my heart
As an offering of
Worship

Hear my cry, o Lord
How desperate
I've become
For your Love
For your love

You can heal me
With the touch
Or your hand
And it's only
By your mercy

I can come to you
Knowing who I am
And be loved
Still be loved

Fade me away
Let nothing
More remain
So you can
Take your place

We long to
Worship you
To honor you
And give you
All the praise

Fade me away...

That I may dwell
Under the shadow
Of your grace
God almighty, be my refuge

May the power
Of the cross
Live in me
Live in me

Fade me away
Let nothing
More remain
So you can
Take your place

We long to
Worship you
To honor you
And give you

All the praise

Fade me away...

Jesus my savior
We adore you
Even the angels
Bow before you

Great is the Beauty
Of your holiness to me...

Fade me away
Let nothing
More remain
So you can
Take your place

Fade me away
Make me a reflection
Of your radiant face

We long to
Worship you
To honor you
And give you
All the praise

Fade me away...
