## **Hobo's Lullaby**

## **The Kingston Trio**

Go to sleep, you weary hobo
Watch the towns go drifting by
Can't you hear the rails a singin'?
That's the hobo's lullaby

Don't you worry 'bout tomorrow Let tomorrows come and go Tonight you've got a nice, warm boxcar Free from all the wind and snow

Go to sleep, you weary hobo
Watch the towns go drifting by
Can't you hear the rails a singin'?
That's the hobo's lullaby

I know the police cause you trouble They cause trouble everywhere But when you die and go to heaven There'll be no policemen there

Go to sleep, you weary hobo
Watch the towns go drifting by
Can't you hear the rails a singin'?
That's the hobo's lullaby

Can't you hear the rails a singin', ohh That's the hobo's lullaby
