

## When I See That Girl of Mine

The Kinks

When I see that girl of mine  
Makes me want to sigh  
When I see that girl of mine  
Makes me want to sigh  
I don't care if the sun don't shine  
Long as I can see that girl of mine  
I know everything'll be fine  
When I see that girl of mine  
When I see that girl of mine

Getting ready and looking my best  
Got to look my best so I'm taking my time  
'cause I need that girl of mine  
I know that she'll be mine so I'll keep on trying  
I don't care if the sun don't shine  
Long as I can see that girl of mine  
I know everything'll be fine  
When I see that girl of mine  
When I see that girl of mine

Can't you see she's the only girl for me  
And when people look at me they can see  
They can see, they can see, they can see

When I see that girl of mine  
Makes me want to sigh  
When I see that girl of mine  
Makes me want to sigh  
I don't care if the sun don't shine  
Long as I can see that girl of mine  
I know everything'll be fine  
When I see that girl of mine  
When I see that girl of mine  
When I see that girl of mine
